FOUR PARTS OUT

It was not long ago that our Mysteries of the Mogul Court had seen the light of day. It is chiefly based on the principal events during the reign of Emperor Jahangir, but this book—The Mysteries of the Mogul Darbar—is replete with mysteries that occurred during the reign of Emperor Sha Jahan. The Empress Nurjahan at the time of Jahangir was the lady paramount and exercised unrestrained influence throughout the Empire. The reader would find now what inhuman actions did Roshenara, the daughter of Emperor Sha Jahan commit, only to become the second Nurjahan.

No one has yet made an attempt to place before the public the Mysteries,—secret conspiracies—private and public executions,—deep laid plots, horrible hair splitting incidents—within the thousands of labyrinths; secret passages, rooms, doors and windows in the celestial palaces of the great Mogul, and also undreamt of luxuries, and pleasures,—the flow of the vast wealth quite unimaginable. The Unique book being a HISTORICAL ROMANCE will give flesh and blood to this skeleton and place the Mogul Emperors, their great Begums and their innumberable Bandis together with the great Amir, Omraos, Mansabdars and Rajput Rajas in their living forms. Please enlist your name early.

Saved from the Grave.

I am neither an advertising physician nor a doctor of medicines but an ordinary clerk. In the prime of youth I unconsciously fell into evil habits which in a year and a half reduced me to a complete wreck. My friends often enquired from me the cause of my "breakdown", which for very shame I could not apprise them of, but secretly sent for medicine from all the famous physians whose grandiloquent advertisements resounded the newspaper world. To my ill-luck, despair and disappointment stared me in the face wherever I looked until I began to prefer death to life. The wheel of fortune, however, took a new revolution and I was suddenly called upon in July 1901, to undertake, in connection with my employment, a very dreary journey to Nepal which, dotted over with short breaks on the way, took me thirteen days to reach Khatmandoo, where I put up in a *caravauserai*. Adjoining to my room there had sojourned a day or two previously and aged-booking hermit who enquired from me the nature of my illness in such a loving tone that I was coaxed into a reluctant exposure of my long-hidden treasure of shameful secrets.

Taking pity upon me he scratched out two prescriptions and in accordance with his directions I prepared from herbs and vegetables some tonic pills and other necessary medicines.

GOD TO WITNESS.

Only a week's treatment cured me of all the complaints that had made my life so burdensome that I looked upon suicide as the only avenue of escape from this "living death." Although by virtue of this short treatment I considered myself entirely cured, I was obliged to observe the necessary prevention and to undergo the full course of treatment for 21 days which gave such a vigour to my deranged nervous system that it would smack of immodesty to render the proud effects in black and white. After the completion of my mission there I reached home and experimented the remaining medicine upon some of the hopeless cases and found it an infallible remedy for all sorts of nervine diseases and every kind of general physical debility. On the persistent demands of some of my prudent and philanthropic friends and with a view to public weal I advertised this medicine for those unhappy creatures who had incapacitated themselves for the healthy enjoyment of life. The price advertised hardly covers the expenses of its preparation and advertising operations.

Price 1 Phial of liniment Rs. 2-8 } excluding postal
Price 1 box Pills Rs. 1-8 } expenses, *i. e.*, As. 6.

Price 1 full box containing 1 phial of liniment and three boxes of pills] Rs. 7, including transit expenses.

DIRECTIONS FOR USE.

One pill to be taken in the morning and one in the evening with fresh water or cow milk. Liniment to be applied once in 24 hours either during the day time or in the night.

The medicine is absolutely free from all Poisonous or Mercurial elements.

[This peerless medicine has benefitted thousands of people mentioned in the list of whose names along with others make a voluminous book in itself Some of these men do not allow us to insert their full testimonials and hence we cannot do so but at the same time this is published only with a view to give currency to this rare medicine.

TESTIMONIALS.

BAWA SARUP SINGH, E.A.C., LAHORE,]

Your medicine did much good to the patient. His bodily vigour has also considerably improved. His sorrow-stricken face now beams with glow of treasure. Without doubt your medicine is an elixir.

GHULAM QADIR KHAN, AKOLA. BERAR.

I once sent your pills and liniment and found them extremely beneficial. Send two phials of liniment per V.P.P. for the son of our village headman.

ABDUL AZIZ, MERCHANT. MOUNT ROAD, DARJEELING.

In conformity with your directions the medicine was used for 21 days which has transformed me into a hale and hearty man. If it pleases God would try my best to secure the sale of medicine which deserves appreciation. I thank you thousands of times.

ONE CERTIFICATE WORTH ONE LAC OF RUPEES.

NAWAB SAADAT ALI KHAN, CHIEF OF THE PUNJAB, LAHORE.

A relative of mine had lost his vigour from the last six years. In addition to the various advertised medicines he had made use of many prescriptions of the specific nature but none of these remedies did him any lasting good. At last he resorted to the treatment of Sh. Ghulam Ahmed which brought wonders. The patient completely recovered in two weeks. It is indeed wonderful how such an old disease was eradicated in a couple of weeks' treatment. I accordingly certify that this medicine of magical effect deserves appreciation. It is boon for those who stand in need of it.

ZUBDATAL HUKMA HAKIM HAUZIO PIR AHMED SHAH SINDHI,
Diploma Holder, Punjab University, Lahore, Physician to Rajas of the Punjab

The medicine of Sh. Ghulam Ahmed of Moholla PirGillanian, Lahore, produces an enviable effect upon general sexual debility. No praise overestimates the wonderful effects of this medicine upon the diseases detailed above. The liniment never fails to produce the desired effect without at the same time causing any skin eruption.

PRISCILLA DEAN

as the Heroine in the most stupendous picturization of a world-famous Novel—in the crowing success of the world's greatest dramatic Screen Actress in her biggest and most powerful thrills.

"WILD HONEY!"

(7 Reels.)

Henry Porthen, low-brow society Croesus, was master of his own house, and the servants were away. Lady Vivienne felt the monster's arms around her. She became unconscious. An hour later she awoke to find Porthen lying dead!

The man who had assailed her was lying dead on the floor, and the one she thought a weakling and a coward had disappeared! Had he saved her?

ABSOLUTELY ONE OF THE BIGGEST AND THE MIGHTIEST PHOTOPLAYS WITH ABSOLUTELY THE MOST FASCINATING WOMAN IN THE STELLAR ROLE.

PRISCILLA DEAN

From the protected atmosphere of her English home Lady Vivienne went to the wilds of South Africa to find surcease from the sorrow and disgrace she had known. But the Transvaal is no place for a woman alone.

The sordidness of life in the lower strata of Transvaal Society was a blow to Lady Vivienne, who came there to find wealth in the lands she owned and happiness in forgetting what had happened in her past. Priscilla Dean makes this figure a wonderful one in her starring characterization in "Wild Honey."

A special general meeting of the Bombay Native Piece-Goods Merchants' Association was held in the office of the Association on Thursday, the 12th inst. at 5 p.m. to consider what steps should be taken against the action of the Manchester Chamber of Commerce, who has unjustly interferred with the right of this Association which it enjoyed since the last forty years of making freight contract with Conference liners for carriage of Piece-goods from Great Britain to Bombay.

That the Officers of the Association should correspond with the Manchester Chamber of Commerce asking reasons why such action had been taken by the said Chamber by entering into such contract.

That no member of this Association should hereafter sign indent for forward purchases with any piece-goods importing firm, at the same time the members are at liberty to buy ready goods only on the written condition in the contract that the seller, viz., the importing firm should pay Re. 1-4-0 per package

BOMBAY POLICE COURTS.

"TAJ ASSAULT CASE."

ACCUSED CONVICTED.

At the Esplanade Police Court on Friday afternoon, Mr. B. N. Athavle, Acting Third Presidency Magistrate, delivered judgment in the case in which Shiwa Bhima and fourteen others, waiters and hamals in the employ of the Indian Hotels Company, on strike were charged by Inspector Naiden with rioting on August 25, at the Taj Mahal Hotel.

Mr. K. F. Nariman, pleader, defended all the accused.

JUDGMENT.

His Worship in the course of his judgment observed that on the evening of the 25th August, 1922, the hamals and waiters of the Indian Hotels Company, employed in the Taj Mahal Hotel and Green's Restaurant suddenly went on strike. The management in order to meet that sudden emergency requisitioned the services of private servants. The strikers getting to know of that move on the part of the management assembled outside the compound to terrorise and to assault any outsider who came to rescue the management out of the difficult situation. He, then, at great length, narrated the circumstances under which the riot had taken place and said as the crowd manifested a different attitude, the Police started making arrests as they were authorized to do under section 40 clause (2). That brought down showers of missiles on the Police and they were attacked with sticks and umbrellas. The Police were obliged to make a baton charge with the result that some of the ringleaders were injured. Eventually the crowd was dispersed but not before several arrests had been made. In the first batch arrested by Inspector Naiden with the assistance of Sergeant Longman were the accused Nos. 9, 11, 12, 13 and 14, the last of whom had given a blow to Sergeant Longman with an umbrella on his back. The accused No. 15 who was evidently wounded in the batoin charge which the Police were obliged to make, had been removed by some of his friends to the G. T. Hospital. The defence of the accused was that they were arrested for no valid reason and that the Police made a violent attack on them while they were innocent spectators. The evidence for the prosecution made it clear that the strikers who had originally assembled together for the purpose and with the common object of driving away by violence outside servants who were coming to the rescue of the management from the embarrassing position in which they were placed by the sudden strike among their own servants travelled from that common object to the further common object of attacking the Police who were beginning to quell the disturbance in the discharge of their lawful duties. The Police were determined to do their duty but when they proceeded to make arrests the strikers greeted them with missiles and attacked them, compelling them to make a baton charge in order to disable some of the rioters who appeared to be agressors in the breach of public tranquility.

Some of the accused were said to have lodged complaints of hurt before the learned Chief Presidency Magistrate against two of the Police Officers who were engaged in quelling the disturbance. Those complaints would undoubtedly be disposed of on their merits but for the purposes of the case before His Worship he held that if the body of the members of the Police Force who were called upon to quell the disturbance in question and who as a body were attacked by the mob had not used force to resist the rioters, they would have been 'guilty of gross cowardice' in the proper discharge of their duties. Whether any particular Police Officer committed excesses, unwarranted by the occasion, was a matter which, he thought, would be decided by another Court. The defence witnesses called by accused Nos. 10, 11, 14 and 15 went to make it out that there was no disturbance whatever on the night in question and the Police arrested them and attacked them for no reason at all. He refused to believe their testimony.

On the evidence for the prosecution, which, His Worship believed, he convicted all the accused under section 147 coupled with section 149 I.P.C. Every one of the 15 accused persons is clearly identified by reliable witnesses. The Police Officers did what the occasion required. They were there to quell the disturbance and not to be killed by the rioters and they had the right to use force for that purpose and to defend themselves as best tas they could against heavy odds. In passing sentence he should take into consideration the fact that the accused belonged to a class of workmen not ordinary rioters as Mr. Nariman said yesterday.

It may be that some mischievous person who had no honest means of subsistence, had instigated those people to go on a sudden strike with a view to making money himself and to be their spokesman and champion of their cause.

FINAL ORDER.

He, therefore, convicted accused Nos. 1 and 2 and sentenced them to pay a fine of Rs. 50 each or in default to suffer one month's rigorous imprisonment each. Accused No. 3 was sentenced to a fine of Rs. 25 or in default to suffer hard labour for three weeks. Accused Nos. 4 and 5 were sentenced to a fine of Rs. 50 each or in default to suffer six weeks' hard labour. Accused No. 6 was sentenced to a fine of Rs. 25 or in default to suffer hard labour for three weeks. Accused Nos. 7 and 8 were sentenced to a fine of Rs. 30 each or in default to suffer one month's hard labour. Accused No. 9 was sentenced to a fine of Rs. 20 or in default three weeks' hard labour. Accused Nos. 10, 11, 12 and 13 were sentenced to a fine of Rs. 25 each or in default to suffer hard labour for three weeks. Accused Nos. 14 and 15 were sentenced to a fine of Rs. 60 and Rs. 75 respectively, in default to suffer rigorous imprisonment for two and three months respectively.

CRIMINAL BREACH OF TRUST.

At the Esplanade Police Court, before Mr. B. N. Athavle, Acting Third Presidency Magistrate, Sub-Inspector Dost Mahomed charged Rumaji Krishnaji, a peon in the employ of the Registrar of Companies with criminal breach of trust in resepct of Rs. 734-6-0 on the 9th instant.

The evidence showed that the accused was given the amount in Currency notes for Rs. 734 and annas six in coins to be paid into the Imperial Bank of India to the credit of Government. The accused only paid annas six in the coin department and obtained a receipt, for the same and the remaining amount viz., Rs. 734 he misappropriated forging the signature of the Bank clerk. A sum of Rs. 669 was recovered from the accused.

The accused pleaded guilty and prayed for mercy.

His Worship convicted him and sentenced him to suffer hard labour for four months.

A CLERK'S LAPSE.

At the Esplanade Police Court on Friday, before Mr. B. N. Athavle, Ag. Third Presidency Magistrate, Sub-Inspector Dost Mahomed charged Dayalal Narbharam, a clerk in the employ of the Eastern Timber Trading Company having their Office on Hornby Road, with criminal breach of trust in respect of Rs. 336-7-6 on September 22. The evidence showed that the complainant Purshottam Ehimji wanted to wind-up his business as it was running at a loss and asked the accused to produce the balance in hand amounting to Rs. 336-7-6. The accused put him off from day to day and did not give him the sum. The complainant, therefore, lodged a complaint with the Police and the accused was arrested when he stated that he had spent the money for his private use.

The accused pleaded guilt yand prayed for mercy. As he had made good the amount, His Worship sentenced him to suffer simple imprisonment for one day and to pay a fine of Rs. 50 or in default to undergo hard labour for two months.

PUBLISHING SEDITIOUS MATTER.

At the Esplanade Police Court before Rao Bahadur C. H. Setalvad, Ag. Chief Presidency Magistrate, Munshi Fateh Khan Ahmed Khan and Ardeshir Cursetji Desai, publisher and printer respectively of the "Insaf", a Gujrati weekly published in Bombay appeared in answer to the summons issued against them to show cause why they should not be ordered to be bound over to be of good behaviour for publishing and disseminating sedition matter.

The information filed by Khan Saheb Bahaudin, Inspector, C. I. D. showed that in the issue of the "Insaf" dated the 16th June 1922 a poem was published entitled "Even now, O Hindus and Mussalmans unite and save me," which contained seditious matter. The Governor-in-Council had ordered the institution of these proceedings.

On the case being called out, Inspector Bahaudin said that the two respondents had expressed regret to Government and undertook not tto publish such seditious matter in future and asked permission to withdraw the case. The case was accordingly withdrawn.

A CASE THAT FAILED.

ACCUSED COMPENSATED.

At the Esplanade Police Court, before Rao Bahadur C. H. Setalvad, Acting Chief Presidency Magistrate, (1) Mrs. Dinbai P. Khambatta, (2) Ganga and (3) Mr. Pirojshah D. Khambatta were charged with causing mischief on the 1st September last to Mr. Haji Hasham Dada.

Mr. Peerbhoy, bar-at-law appeared for the complainant while Messrs. J. C. Taraporewalla and F. D. Kanga, pleaders defended all the accused.

The prosecution story was that the complainant was a landed proprietor and resided at Nakhoda Moholla. Accused Nos. 1 and 3 were relatives of his tenant Bachubai who lived in his house at 1st and 2nd Dhobi Talao Street. Accused No. 2 was their servant. The complainant had filed a suit in the High Court against his tenant Dastur for possession of his front room where he had trespassed. All the tenants gave evidence against the complainant, but the suit was decided in his favour with costs and some strong remarks were made against them. At present his house was being reported and also alterations were made. Therefore all the accused and the tenants were not on good terms with the complainant. On the 1st of September last about 11 a.m. the complainant went to his house where his workmen were at work on the ground floor and in front of the shop All the accused were throwing water on them from the windows since 8 a.m. and were harassing them in their work. All the accused also threw water on the complainant and his clothes became wet. The complainant called out to them and asked them not to throw water. They refused to listen to the complainant, began to laugh, told him to do what he liked and kept on throwing water.

ACCUSED'S DEFENCE.

The defence of the accused was that the case was brought against them by the complainant because they had given evidence against him in the High Court. They were washing the rooms of their house on account of the Parsi holidays. They pleaded not guilty to the charge.

His Worship discharged all the accused as he was convinced that the case brought against the accused was a false one. He ordered the complainant to pay Rs. 30 to each of the accused by way of compensation.

TRAM STRIKERS SENTENCED.

At Mazagon Police Court on Friday before a Bench of Hon. Presidency Magistrates consisting of Mr. Fardunji Khursedji Parekh and Mr. Dinshaw H. Vania, Sergeant Watson charged Ramchandra Mahabir and Sitaram Chandra Shetkar, the first an ex-employee and the second an employee on strike of the Bombay Tramway Company, with disorderly behaviour on a public road on the 12th instant.

The evidence showed that a tram car went on the Sussex Road loop line at three o'clock on Thursday afternoon, when almost all the passengers had left it. The two accused and another, who has since absconded, assaulted Mumtazkhan Mohomedkhan, the conductor, and Gajadhar, the driver of the car. The conductor received an injury on his left arm which had to be put in the sling, while the driver received a blow on his chest. A policeman, who witnessed the assault, ran up and arrested both the accused, while the third made good his escape. Further evidence showed that the first accused had been discharged from the Company's service four months ago while the second was a striker.

The accused said that they were going along the road and did nothing.

The Court altered the charge to one of assault and held that loyal employees of the Company should be protected from assault. Both the accused were sentenced to suffer rigorous imprisonment for one month each, and were ordered to be bound over after their release from jail each in the sum of Rs. 50 to keep the peace for six months.

TRAMWAY STRIKE SITUATION.

The following is the Tramway Company's version of the strike situation, dated Friday:—

The service was extended this morning from Victoria Gardens to Parel and from To-morrow cars will run through to Dadar.

Next morning when he got up he missed his gold stud set with a diamond valued at Rs. 2,000 and four gold coat buttons and other articles collectively valued at Rs. 2,190 from the room.

RECKLESS DRIVING OF A VICTORIA.

On Thursday at 6 p.m. hack victoria No. 538 was proceeding along Falkland Road, towards Gole Pitha when at the corner of second Cooper Street, the horses head struck with an old Hindu woman and she was knocked down. A police sepoy who saw the accident ran after the victoria which was being driving so fast that another Hindu named Baloo Vithoo (21) was knocked down. Baloo was removed to the J. J. The evidence showed that the deceased was crossing the road when he was struck by the right front mud-guard. The car was going slowly and the horn was sounded. The car was stopped when it had going about three paces from the deceased.

The jury returned a verdict of accidental death.

CHILD KILLED BY A TRAIN.

Radhibai, a Hindu woman residing in a hut near the railway line at Matunga went out on Thursday morning to go to work while her infant son, Vithu, aged two years was following her. Shortly after she lost sight of the child and returned to search for him when she found the child lying injured between the rails near the home signal of the Matunga Station of the G. I. P. Railway. A train was standing on the line. The child was removed to the J. J. Hospital where it died.

At the Coroner's Court an inquest was held and the jury returned a verdict of accidental death.

Mr. Purshotamdas Thakurdas has been nominated as a non-official member of the Council of State. (A.P.)

Young Jenkins had asked his employer if he might have the afternoon off to attend his grand-mother's funeral, and old as the story was, it worked.

An hour later he was about to enter the football ground when who did he see standing beside him but his employer himself.

Young Jenkins did not lose his wits, however. Instead of putting his money down, he turned to the ticket seller and said in tone loud enough for his employer to hear:—

"Would you kindly direct me to see the cemetery?"

THE BOMBAY CHRONICLE.
Saturday, October 14, 1922.

WHY NOT?

The Turkish Question is in a fair way to be settled and we have no doubt but that, by an effort on the part of the Government of India which we think they are certain to make, the whole Khilafat Question can be settled easily within the next few weeks. If that happens, then one of the chief objects of the Non-Cooperation movement will have been attained; and there remains Swaraj—a demand about which many misapprehensions and false views prevail among the English and the Moderates. In the minds of Mahatma Gandhi and his followers—that is to say, among the vast majority of Indian Nationalists—there is no desire to see Englishmen replaced by Indians simply because they are Indians. The Indian nation does not care a rap whether a given post is filled by an Englishman or an Indian; all it asks is that the rulers English or Indian should not behave as autocrats, irresponsible to the people whom they govern and acknowledging responsibility only towards the British Government, but that they should behave as public servants of India, and become responsible to the people of India who pay the cost of their service. The nation does not want to see an Indian bureaucracy, purely imitative of the present Anglo-Indian bureaucracy, enthroned in its stead. The nation wants officials loyal to India and careful for the welfare of the people; and a Government which shall stand for India in the Councils of the Empire as resolutely and sincerely as the Government of Australia stands for Australia. The nation would infinitely rather see a Government of India composed of Englishmen, which stood wholeheartedly for India, than a Government of India, composed of Indians, which was in the same or much the same position with regard to India as the present Government. As Mahatma Gandhi has so often said, with regard to the British in India, it is only a "change of heart" which is required to make them welcome. But such a change of heart is not evinced in the Montagu-Chelmsford Reforms.

When Mr. Montagu came to study the conditions in India the Nationalist party was mainly a party of the intellectuals one of whose chief grievances naturally was their exclusion from the higher responsible posts in their own country, posts for which they considered themselves as well qualified by character and education as the average Englishman. It was a real and just grievance, but it touched an infinitesimal minority of the vast population of the country. Indianisation of the Government, therefor, struck Mr. Montagu as the policy to be pursued in order to satisfy the Indian Nationalists. And gradual Indianisation of the Government is the ideal of the Reforms. That is to say, an Indian bureaucracy, purely imitative of the present Anglo-Indian bureaucracy, with the same attitude and mentality, towards the nation is the ideal; which is exactly what the nation does not want. The nation has no hatred of the Englishman as such; the nation does not covet his post nor grudge him a high salary if he is a good man. The nation has a love for the best type of Englishman. All the nation asks is that the English in the Indian service shall be Indian in their sympathies, and responsible and responsive to Indian opinion.

There are people who say that it would be a danger to let India attain full Dominion Status all at once. Where is the danger, when the structure of Government need not be altered in the least, when the present Government of India could become the first Dominion Government, when nobody need be ejected from his post if he behaves himself, and even the India Office itself, with all its *personnel*, could become the office of the High Commissioner for India? It seems to us that a much greater danger lies in the present attitude of Government which in support of the Reforms and their adherents (many of whom really do desire to push the British out of India in order to get their jobs) systematically hurts the feelings of the nation, (which does not want to push the British out of India but would win them if it could). The Indians are a highly sensitive and nervous people. They respond to love and generous confidence immediately, but continuous expressions of distrust and undeserved contempt get on their nerves, and, in the end, will make them dangerous to their insulters. The attitude of some English members of the I. C. S. with regard to their posts and pensions strikes us unfortunate in this connection. If they are good officials it is not the Indian nation which is threatening them, but the Reform scheme which the Indian nation has repudiated. India would never grudge his pay or pension to a good official whose position under Swaraj would be stronger than it is to-day; for India is generous. If Anglo-India would be generous, too, and not manoeuvre only for its personal position, the end of all our troubles would be well in sight. The Khilafat Question is now near to settlement in the way desired of Indians. We hope the Indian Question will be settled simultaneously by the proclamation of Swaraj and the release of all political prisoners.

TO BENGAL'S AID.

Everyday brings more and more distressing news of the havoc created by the floods in parts of Bengal. Hitherto the accounts received showed that the two districts of Bogra and Rajshai alone were afflicted with the calamity. Mr. Gopal Chandra Lahiri, President, Pabna Relief Committee, writes to Dr. P. C. Ray, under date October 9, that the distress is no less acute in the northern part of Pabna. "This tract," he adds "is still under water, to a depth of eight to twelve feet. The distress of the people can be better imagined than described. Our relief volunteers have wired:—"Thousands are starving." Deaths from starvation have actually happened. More will follow if immediate help do not reach the unfortunate people. We have commenced relief work, but the means at our disposal are extremely meagre. Unless the public come forward with offers of money, and provision, thousands will die of disease and starvation." We need not say that help from all parts of India must be forthcoming in a generous measure immediately. There is no time to lose. We are glad to know arrangements are being made to form a Committee in Bombay to collect funds for the work of relief.

INDUSTRY AND RESEARCH.

India, with her natural plenitude, can stand first in the world in respect of chemical industry. But the raw materials she produces, help her little in this way. These help the industrial development of other countries, only to be brought back to her in some refined forms. Thousands of people who might be engaged in industries which could best thrive in this country and add to its prosperity starve, for lack of means, training and organization which a truly Indian Government alone can give. To-day turn where one may, one finds the country partly or wholly dependent on foreign countries though most of the articles it imports can easily be produced in the country itself to serve its needs. Industries in all countries thrive by State support and ceaseless research. Any student of organic chemistry knows the great loss the German State bore, to make the beet-root sugar industry a success. The preparation of sodium carbonate from common salt in France, when hostilities made the collection of sea-weed an impossibility, is another example of how the State can help the development of industry. The preparation of nitric acid from atmosphere in Germany during the War, when the import of Chilian saltpetre had to be stopped, show how free countries harness their scientific talent to national service.

Now let us turn to India and see how research and industry stand, and how the State has helped or rather failed to help their development. Indian forests produce enormous quantities of pulp but the country depends for paper on England or Holland. A vast quantity of coal tar is produced in the destructive distillation of wood but still she has to depend on Germany for aniline dyes. Scientific education in this country is a mockery and scientific talent languishes for want of scope. Very few among those who bear the highest mark of distinction in science ever find proper field to work. Who will forget the trials to which Dr. J. C. Bose was exposed and the many anxious years he had to spend? The study of industrial science is as yet a thing which the Indian students aspire to but seldom attain; and the best brains of the land, which should otherwise be employed in fostering the prosperity of the country, are condemned to an endless struggle for existence. A recent number of a chemical journal in England contained some four-hundred and fifty theses concerning latest discoveries and the number of research students who have contributed to swell the volume of new literature is about seven hundred. On the other hand, compare India with England, see the number of research institutes and the number engaged in researches. We do not owe a Bose or a Roy to Government encouragement; hundreds who could have attained to eminence in the field of scientific research pass into obscurity. If Japan could equal the industrially most advanced nations of Europe in the domain of industry and research within 50 years, how is it that India after 150 years of British rule is declining into the primitive state?

Notes of the Day

"The Grave of Empires."

Yesterday, simultaneously with the official announcement of the conclusion of a Treaty of Alliance between Britain and Iraq, we published a communication from "one who has recently returned from Mesopotamia" giving certain reasons why Britain should withdraw from Iraq, which has proved "the grave of Empires." The writer, whose intimate knowledge of the country of which he has written, is obviously unquestionable, wrote:—

"Mesopotamia, the costly enterprise of Empire to which Mr. Churchill and his colleagues have committed us, is likely to become a storm centre at any moment. The Arab population bitterly resents the British rule and already we have had raids by irregular forces of Kurds in the district north of Baghdad."

The British Colonial Office, under Mr. Churchill, has set itself an impossible task, and the Treaty of Alliance does not in the least improve matters. King Feisal, who has been virtually imposed upon the Arabs with the aid of British bayonets, is undoubtedly a creature of the Colonial Office. Feisal's attitude has thus been described by one of his trusted henchmen, General Haddad Pasha, representing Feisal in London:

"Let me remind you of what Lord Allenby said of him at the Guildhall: "A commander was never more loyally served by allies than I was by the Emir Feisal," and the Prime Minister in the House of Commons has emphasised that a more sincere man he had never met. Was it reasonable that a man who had thus proved his loyalty as an ally in an arduous campaign should now be accused of plotting against the British or Sir Percy Cox, the High Commissioner?

King Feisal's policy to-day is what it has always been: the development of an Arab centre of civilisation with the help of Great Britain. In the last year, since he has been in Baghdad, he has been working hard to establish reconciliation between Arab national feeling, which considers that the mandatory system does not fulfil the legitimate aspirations of the people, and the international difficulties which are the real obstacle in the way of Great Britain meeting their views. This King Feisal has done with great success for the past twelve months. There are, however, two points in the situation, not always understood here, which I should like to emphasise. The first is that the mass of the people, whether townsmen or tribesmen, from the Moderate and venerable Nakib downwards, regard the mandatory system as affecting their national status, a thing of which all classes are exceedingly jealous. At the same time I cannot insist too strongly that all parties are in agreement concerning the necessity of co-operating with Great Britain on a treaty basis.

Secondly, King Feisal has been remarkably successful in spite of the great handicap in being unable to exercise that authority which the head of the Government ought to possess. The reason for this is that the treaty with Great Britain has not yet been signed, and the Arab Government has not, therefore, been able to enter upon its full functions. It is for this reason unfair to throw responsibility upon King Feisal and his Government when the Arab administration, which it is the British Government's policy and intention to assist, hardly exists at present in more than name. King Feisal, however, has never failed to keep the British Government aware of his views on the situation in the Middle East, although, owing to the causes already mentioned, he has not been able to see his policy carried out."

Britain's Untenable Position.

The present Treaty was foreshadowed by Mr. Churchill in the House of Commons in July last. But it does not make the British position one whit less untenable than before. As to the Treaty itself, we may take it, its effect would be the same more or less as the treaty with Fuad had on Egypt: a regime of intense martial law and acute discontent among the people. It is as true of Iraq as of Egypt that "the path which (the British) are now treading leads with certainty to the grave oppression of one class—or classes—by another, together with a markedly accentuated element of Xenophobia." Of Feisal himself, it may fairly be said, in spite of his henchmen's claim that he is "the idol of the Arabs of Irak," that his popularity among the Arabs is such as would freeze the proverbial brass monkey. It is to be regretted that in the pursuit of a costly enterprise of Empire-building the Churchillians have failed to profit from their experience of Egypt.

Egyptian Nationalism.

In Egypt, where Allenby rules in fact, if not in name, the position is thus described by a hostile critic of Zaghlul Pasha and Egyptian Nationalism:—

"Thus, at the present time, the *universal* Nationalist movement—let there be no illusions as to its extent—by which even formerly moderate Egyptians have been swept off their feet, as by a rushing torrent, has become almost irresistible. *In form*, indeed, almost everything has been already conceded. Whatever rights of veto or powers of control may be retained, in practice, will be even less clearly defined than heretofore, and will, consequently, seem to the Egyptians more unjust and more odious than was the regime of the Occupation, though that, Heaven knows, was ill-defined enough. Then, the passionate and primitive-minded politicians above referred to will believe more than ever in their right of resistance to British supervision by any and every means in their power."

Non-Cooperation in the Phillippines.

We drew attention the other day to the action of the members of the Ceylon Legislative Council as a proof of the hold that the Non-co-operation movement is gradually having in that island. In fact the Indian Non-Cooperation movement and its leader have become the inspiration of every subject nation struggling to be free. Egypt was the first to follow the lead of India, the Palestinian Arabs were the next and now Ceylon has followed suit. The latest to fall into line with India are the Phillipine Islands. As our Tokyo correspondent wrote the other da the Phillipine Independence Mission which made a trip to Washington to demand complete independence from the Government of the United States and was given a point blank refusal by President Harding on the plea that the inhabitants of the islands were not yet prepared for independence, is coming back home crest-fallen but a little bit wiser. The failure of the Mission to accomplish anything tangible has assured the Filipino politicians that begging favours was the most derogatory and humiliating business for a nation, and some better methods must be adopted if the emancipation of their motherland was to be brought to a successful end. Mr. Vincento Llanes, a member of the Philippine Independence Mission, now in America, has announced his intention, on his return to the Phillipines, to launch the Non-co-operation movement similar to that of Mahatma Gandhi in India. Even while he is in America he has appealed to his countrymen to withdraw from participation in Governmental affairs and form a Non-co-operation party on the lines of Indian National Congress. Filipinos too, like Indians, are a race of unarmed people and, as our Tokyo correspondent said, "there is a great moral lesson in their present move for those Indians who thought unable to part with their own mess of pottage do everything in their power to discredit the Great Mahatma who is now looked upon as the emancipator of subject races. His name is now a household term in every country of the Far East wherever the greedy arms of a conqueror or an exploiter are stretched forward. There are people in this part of the East who may not be fully conversant with the names of their own national heroes, but the name of Mahatma Gandhi is on the lips of all, young and old, peers or plebians."

Roads and Roads.

The question of roads in Bombay is a perennial one and will remain so while the Municipal Corporation as a body continues to be as apathetic to its duty as it has been hitherto. We have never been able to see why the roads in the Fort and the localities inhabited by the rich should be polished to the smoothness of marble and others left to their fate. Even in the Fort itself only those roads, where there are fashionable houses and mercantile offices, are well looked after and tarred. In the remaining parts of the City the roads are more or less neglected. On the Parel side, it is impossible to call them by the name of roads, for it is too dignified a name for the wretched tracks full of ruts and deep holes. Only these thoroughfares, which have the privilege of the patronage of the oligarchy of Bombay, are time after time treated with new materials. Why is this partial treatment meted out to the ratepayers of this city? Do not the citizens who live in Parel pay equal amount of taxes to those who live in the Fort and why should not the former have the advantage of good roads, lights, and sanitation? Why should they not have the same amenities as those enjoyed by the richer citizens of Bombay? The Hornby Vellard is going to be treated with bituminous mixture, while Girgaum and other roads are to be taken up afterwards, for there is no money for the purpose! Hornby Vellard is mostly used by the rich citizens possessing motor cars, and that too not very frequently, and yet the Commissioner has taken up that work first and relegated the repair of the more important roads to a later date? He said that there was very heavy traffic on this road, and Mr. Mody, who moved the proposition, said there were some people who thought the Corporation paid particular attention to particular roads, while others were neglected. That impression, he hoped, would be removed by the programme the Corporation had undertaken to carry out. The citizens have been living on hopes too long, and it is hoping against hope to expect the present Corporation to remedy matters. It is for the new Corporation to sweep away those anomalies.

INDIA AND ENGLAND'S TRUST

ARCHBISHOP OF CONTERBURY'S ADVICE.

TO MISSIONERS AT DISMISSAL SERVICE.

(REUTER'S TELEGRAMS.)

LONDON, Oct. 12.

The Archbishop of Canterbury, at the dismissal service of thirty missioners at Westminster Abbey, to-day, said:—"I feel it to be a high privilege to stand as Archbishop on the occasion which has no exact parallel in our history. If I had to give a subject title to what I want to say, I should call it: "the Trust of Being Witnesses."

Since the British Raj was planted in India, thousands of our very foremost young men and women have gone thither bearing, consciously or unconsciously, that trust. They have entered on their task with high ideals and with deep sense of duty. They are there as English men and women. They are there as members of a Christian nation.

ENGLAND'S TRUST.

Help them to realise England's trust in her sons and daughters in India! Be that our prayer for them—the great host of those who are thus called, week in and week out, for years together, to carry that burden of answerableness to us at Home, to Indian peoples, to Indian Christians, (do not forget them). and to the Lord of All The Earth Who Sees and Knows and Dares.

To-day, we join with you in prayer that you may have wisdom and understanding for your task; and we send you forth from here, from Westminster Abbey. With peculiar fitness, England's great men lie here—England's great Christian men—some of whom gave the best years of life and thought and acts for India. Charles John Canning lies here James Outram Colin Campbell, Lord Clive and John Lawrence and the names and monuments of many more, are on the walls around us."

"We are gathered here at one of the great nerve centres of English Christianity to say that we realise and care about the trust given to those of us who in India have to speak and act as witnesses for England, Yes, but something more, for Christian England, for the Society of Jesus Christ.

"A GREAT ENTERPRISE."

It is a great enterprise. You will rise to it. What will be the immediate fruit and whether you or I will see it we cannot tell. It is not for you to know the times or seasons which the Father hath set within his own authority. But this is certain: You go whole-heartedly; you go humbly. And the Lord has said: "Ye shall receive power," and, in the most direct sense possible, "Ye shall be my witnesses." You feel with me the responsibility of this solemn hour to-day. In virtue of my office, in pursuance of the unanimous wish of the Bishops of both provinces, I stand at this notable centre of our Church's thought and life, to bid you—our messengers in Church's name—Godspeed.

Our prayers will prevent and follow you and we shall watch for tidings of your welcome and your work."

BOXING IN ENGLAND.

LONDON, Oct. 12.

In a fifteen-round contest, Jack Bloomfield, the English Cruiser-weight Champion, knocked out Bombardier Wells in the sixth round.

In a ten round contest, Soldier Jones, the Canadian Heavy-weight Champion, beat Arthur Townley (England). Townley retiring in the third round.

BECKETT VS. MORAN:

(REUTER'S TELEGRAM.)

LONDON, Oct. 12.

At Albert Hall, in a twenty-round contest, the British heavy-weight Champion, Joe Beckett, beat the American, Frank Moran, the referee stopping contest in the seventh round.

LATER.

The Beckett-Moran prize fight is described as having been most exciting throughout. Joe Beckett started with confidence, scoring quickly, with left and right hooks to the head and ribs and uppercuts, near the end of the round.

In the second round Moran went down, but claimed that he was hit low. He rose, however, just before the gong sounded at the end of the round.

In the third round Moran rushed in furiously and pushed down Beckett. An extremely sharp rally followed, both men landing terrific punches. By the end of the round Moran looked groggy.

In the fourth round, Moran again floored Beckett by a right blow to the jaw for a count of seven. Beckett was badly shaken and fell again. He rose quickly, however, and Moran tried his hardest for a knock-out, but Joe lasted out that round.

In the next two rounds Beckett severely punished the American, who was bleeding profusely.

In the seventh round Moran was dazed and reeling, and the referee stopped the contest just before the towel was thrown in.

TEXTILE INDUSTRY.

INDIA'S PROGRESS

LANCASHIRE URGED TO SPEED UP PRODUCTION.

(REUTER'S TELEGRAMS.)

LONDON, October 12.

Lancashire was urged to speed up production and particularly to take advantage of the electric power at the autumn conference of the Textile Institute at Manchester. Mr. J. F. Crowley referring to the extensive use of electricity in Indian mills said there were factories in Calcutta of which Lancashire might be proud. Their driving arrangements were in many cases better than the Lancashire mill.

The while testifying to the very progressive spirit shown by the Calcutta and Bombay textile manufacturers' he said the effects of their competition could not be ignored and declared that the manufacturers in India were preparing to invade the territory which Lancashire and Dundee had hitherto regarded as particularly their own. Fine cotton yarns and jute fabric had hitherto not been made outside Dundee but they would shortly be produced in considerable quantities by manufacturers in India. The latter were arranging to manufacture with Indian capital and under Indian control outside India in cases where conditions in India were unfavourable. He contended that the home manufacturers must improve the home manufacturing processes so far as to facilitate increased productivity in order to meet the growing competition within and without the Empire and electrical development should play a large part in connection with this.

REDUCTION OF FREIGHT RATES IN COTTON GOOD'.

LONDON, Oct. 12.

The following reduction arranged in the case of Karachi and Bombay in freightage rates by the Indian section of the Manchester Chamber of Commerce, there has been arranged a reduction of cotton goods under freight rates to Calcutta from seventy-five to sixty shillings per ton. This is expected to help business considerably, enabling shippers to reduce prices. Negotiations will continue for a further concession. The Indian section of the Chamber and Bleaching Advisory Board announce a satisfactory conclusion of the negotiations with a view to agreeing to the contract for conditions for bleaching goods destined for India. Bleachers again give guarantee delivery dates reinforced by late delivery penalties and merchants guarantee the delivery of grey goods subject to reciprocal penalties. The scheme of the new conditions will apply to the contract placed after November 1st.

MESSRS. MONTAGU'S SILVER REPORT.

LONDON, October 12.

Messrs. Montagu's silver report says the market has shaken inertia. Silver was offered during the week from China and India and it was evident that the only real absorption at present can come from the Far East. When buying from there is poor sellers must hold off hoping for an improvement in the demand or prices must fall. The recent inactivity is largely due to the upplies not being pressed but now that the Eastern countries have turned sellers the sole purchasers are bears who naturally will be slow to cover whilst the prices seem to be sliding.

TRADE RETURNS FOR SEPTEMBER.

LONDON, Oct. 12.

The Board of Trade returns for September shew that the imports amounted to pounds 77 millions sterling and the exports pounds 62½ million sterling, compared with £82,661,000 and £60,032,000, respectively, for August.

LIQUOR BAN BY U. S.

4,000 BOTTLES REMOVED FROM VESSELS.

LONDON, Oct. 12.

New York.—The Cunard and Anchor Line officials have asked the Federal District Court for an injunction to restrain the Government from seizing ships' liquor. The Judge refused the injunction, but ordered the Federal authorities to show cause, by October 18th, why an injunction should not be granted.

Four thousand bottles of liquor were removed from four Shipping Board vessels here, on the eve of sailing, and were taken to the Brooklyn Naval Yard. Ten passengers cancelled their passages before the vessels sailed.

"BREACH OF AGREEMENT."

TURKS' REPORTED TRESPASS IN NEUTRAL ZONES.

WITHDRAWAL FROM GHEBZEH.

GREEKS TO SIGN TREATY BY SATURDAY.

(REUTER'S TELEGRAM.)

LONDON, Oct. 12.

Constantinople.—Despite the signature of the Mudania Agreement and Ismet Pasha's assurances with regard to the suspension of the troops' movements, four thousand Turks crossed the new boundary North of Daridja (?) on the Ismid peninsula this morning, and have advanced some miles to Saperen (?).

General Harington immediately sent an aeroplane to drop a message warning the Turkish Commander against trespassing in the neutral zone. The British Commander on the Asiatic side sent an emissary with a white flag on a similar mission.

General Harington also telegraphed to Ismet Pasha and Mustapha Kemal drawing attention to the breach of Agreement.

TAKING A SERIOUS VIEW.

While it is possible that the movement was carried out by the local commander without orders from the higher authority, those familiar with Turkish diplomacy regard the breach of faith more seriously. It is felt that the Turks may be endeavouring to obtain a strangle-hold over Constantinople in order to be able to demand the evacuation of foreign troops before the Near East Conference.

TURKS WITHDRAW FROM GHEBZEH,

"NO BACKWARD MOVEMENT FROM CHANAK NEIGHBOURHOOD."

LONDON, Oct. 12.

The Turkish forces have withdrawn from Ghebzeh, indicating the Kemalists' intention to fulfil the agreement. There is still however, no backward movement from the Chanak neighbourhood.

(Note:—The message about the Turks invading the Ismid zone was sent after the foregoing.)

GREEKS DEFER SIGNING AGREEMENT,

PENDING RETURN OF DELEGATES.

LONDON, Oct. 12.

Athens.—The news of the signature at Mudania has been received with resignation here as an unavoidable evil. The Government is awaiting the return of the Greek delegates before deciding to sign.

DELEGATES WILL SIGN BY SATURDAY

LONDON, Oct. 12.

A semi-official report from Athens has reached London that as the Greek Government has definitely decided to accept the clauses in the armistice Treaty, the Greek delegates will sign by Saturday.

GREEK COMMISSIONER TO SIGN.

LONDON, Oct. 13.

Athens.—The Greek High Commissioner in Constantinople will sign the armistice protocol on behalf of Greece.

MARTIAL LAW IN GREECE.

LONDON, Oct. 12.

Athens.—Martial Law has been proclaimed throughout Greece.

WHY FRENCH TROOPS WERE SENT TO CHANAK.

M. POINCARE EXPLAINS.

LONDON, Oct. 12.

Paris.—The Chamber has re-opened. There were many interpellations with regard to the Government's policy. Replying to a reference to the French troops at Chanak, M. Poincare declared that the troops were sent there without the authority or consent of the Government. As soon as he knew that they were at Chanak, he ordered their withdrawal. This was one of the initiatives on which he prided himself most.

M. Poincare considered that it was one of those that had contributed most to the preservation of peace. (Loud applause).

The French and Italian Generals at Constantinople had acquiesced in General Harington's request to send contingents to Chanak.

M. Poincare was only informed about it afterwards. He consulted Marshal Foch and the French General Staff, who unanimously declared that the position would be untenable if attacked.

M. Poincare went on to explain that he warned the Allies, placing emphasis on the fact that should a single shot be fired, a general war might result.

HARINGTON & SIR HORACE CONGRATULATED.

LONDON, Oct. 12.

Marquess Curzon, on behalf of the British Government, has telegraphed to Sir Horace Rumbold and to General Sir Charles Harington, congratulating them on the skill and diplomacy with which they cooperated in effecting the Near East settlement.

CONSTANTINOPLE TURKS WELCOME AGREEMENT.

LONDON, Oct. 12.

Constantinople.—The Turkish quarters were beflagged on the occasion of the signature of the Mudania Agreement, most inhabitants welcoming the agreement if only because a rupture with Britain was avoided.

REPARATIONS PROBLEM.

COMMISSION'S SCHEME TO PREVENT GERMANY'S COLLAPSE.

LONDON, Oct. 12.

With the Near East controversies momentarily settled, the subject of reparations has been revived by Paris newspapers, which declare that the next session of the Reparations Commission must concentrate on the serious situation resulting from the depreciation of the mark.

In an interview, M. Barthou repudiated the suggestion made by the German Press that his appointment meant that coercive measures would be undertaken. M. Barthou declared that he would study the question impartially, while upholding the Treaty of Versailles.

Newspapers state that, yesterday, the Commission considered the scheme submitted by Sir John Bradbury which was designed to prevent Germany's financial collapse.

THE MARK.

GERMAN PRESIDENT'S DECREE.

LONDON, Oct. 12.

The German marks opened in London, to-day, at 10,500. The report that the German Government proposed measures to check gambling on the exchange brought out a few buyers, and sellers held back. Market opinion is that the internal position of Germany did not justify the appreciation of the quotation which finally relapsed to 12,300.

THE DECREE.

Berlin.—The decree of the President against speculation in foreign exchanges intended to prevent a further depreciation of the mark is issued, and forbids the fixing of Home prices in foreign currency, subject to the assent of the Special Control Departments, except in the case of the firms or persons certified as requiring foreign currency for business purposes. The banks must be satisfied with regard to the identity of the seller of foreign currency before purchasing. The Control Departments must examine transactions, and see if the purchase is used for purposes economically necessary, not including the speculation in, or the employment of, foreign currency as investment. Offenders are liable to a penalty of three years' imprisonment and a fine ten times the amount involved.

PREVENTIVE MEASURES.

(REUTER'S TELEGRAM.)

Berlin.—The "Lokalanzeiger" says the German Government's measures to prevent speculation in currency include: (1) the prohibition of tendering or accepting foreign currency for purposes of speculation or hoarding; (2) the issue of four hundred million gold marks Treasury bonds, at four per cent., having, as security, the receipts of export taxes; and (3) an increase in the receipts of coal-taxes.

IRAQ AGREEMENT.

BRITAIN'S UNDERTAKING

MILITARY & FINANCIAL AID.

(REUTER'S TELEGRAMS.)

LONDON, Oct. 12.

It is noteworthy that under the Treaty with Iraq, Britain undertakes to assist King Feisal's armed forces as the parties may agree; also to assist Iraq financially, when necessary. The Government of Iraq will progressively liquidate the liabilities thus incurred. No measure will be taken in Iraq to interfere with missionary enterprise. Special agreements will be concluded as regards military and financial assistance and will be communicated to the Council of the League of Nations.

PRESS COMMENTS.

Following a violent attack on the Treaty with Iraq by the "Daily Mail", urging the Parliament to reject it, "The Times" criticises the Treaty as seeming to increase and perpetuate, rather than diminish, British responsibilities in Mesopotamia. The journal says the Treaty is unfair to the British Empire which shrinks from undefinable commitments, and it is also unfair to saddle the League of Nations with it.

The "Morning Post", apparently, does not object to the terms of the Treaty, but criticises the contrast between the British attitude to prejudices of the Arabs in Mesopotamia and the grievances of the Arabs in Palestine.

The "Daily Chronicle", naturally, supports the Treaty as tending to a progressive lightening of British burden in Mesopotamia, and thinks it should lead to more cordial and more stable Anglo-Arab relations.

RUBBER COMMITTEE REPORT.

LONDON, Oct. 12.

The publication of the Colonial Office rubber report came as a bombshell, to-day, on the market. The actual effect of the recommendations has been more far-reaching than was expected. The market opened in a state of excitement. Prices fluctuated wildly, and closed with buyers offering ten pence.

BRINGING PROPOSALS INTO EFFECT.

It is authoritatively stated that it has been decided to bring the proposals of the Colonial Office Rubber Committee into effect in the Malay Straits Settlement on November 1st, and legislation for that purpose will be introduced in the local legislature in a few days. It may not be possible to move so expeditiously in Ceylon, but it is understood that the scheme, when enacted by the Ceylon Legislature, will operate as from November 1st, in order to secure uniformity of both countries.

PRESS OPINIONS.

The Rubber report does not find much favour in "Times" which is of opinion that the scheme has been produced rather late in the day in view of the completely changed aspect of the market. It believes that a free play o supply and demand is the most natural and effective method of establishing equilibrium in rubber as in any other industry. The present scheme, however, is much better than the earlier crude plans and probably has as good a chance as any such project could have of achieving the object.

The "Financial Times" thinks the idea of establishing rubber round about one shilling and threepence per pound would certainly be beneficiall to industry. The advantages of the scheme will mainly accrue in Java and Sumatra companies if Ceylon planters' possible objections are overuled and if the Dutch Government does not follow the British exammple. It remarks that the export tax may be found easier to impose than to remove.

The "Westminster Gazette says a new era has opened for rubber companies.

Returning to the report the "Times" emphasises its disadvantages and says it is to be hoped that the scheme will be abandoned at the earliest opportunity. The "Westminster Gazette" says the balance of opinion in the Mincing Lane and on Stock Exchange is that advantages of the scheme are many but obvious difficulties in its operation are impressive.

FLOODS IN BENGAL.

SUFFERINGS OF PEOPLE

URGENT NEED FOR RELIEF.

Womesh Chandra Chatterjea, Secretary, of the Bengal Club writes to say:—

Owing to a heavy downpour of rain from 22nd September last, many places of northern Bengal comprising over an area of nearly 1000 square miles had been submerged under water. The rainfall surpasses all previous records and the two rivers Jumna and Atrai swelled and it resulted in a terrible flood. Nearly one third of Bogra districts and two sub-divisions of Rajshai are flooded. The depth of water in many places comes up to 10 and 12 feet and the distress of the people can better be imagined than described. The villagers had to take shelter on the Railway embankments and many had to climb trees, lay there for several hours and dropped down to die.

The people in those parts of Bengal live in mudwalled houses and the effect of flood is necessarily terrible. Most of the houses have collapsed and Mr. S. Bhattacharjee who had been deputed by the Cyclone Relief Committee reports that in more than twenty-five villages there is not a single house standing. The Congress Organisation of Bengal sent Mr. Subash Ch. Bose to the spot who after travelling throughout the district writes, to say that even on a very moderate estimate 3 lakhs people had been rendered homeless by this terrible flood. The crops which are ripe by this time are swept away to a grain. To crown all, cholera and other epidemics have broken out. Indeed the situation beggars description.

Relief organisations have promptly been started. A central relief committee has been formed with Dr. P. C. Roy as its President and may other organisations of different communities have joined their hands with him Dr. Roy's appeal for workers have met with a ready response but money—a good deal of which is required to cope with the situation—is not forthcoming.

The citizens of Bombay helped liberally during the last Khulna distress and we have every reason to believe that they will also rise to the occasion and stretch their helping hand to their poor flood stricken Bengalee brothers and sisters. We do hereby express our sincere thanks for the sympathy with which may distinguished gentlemen of the City received the proposal of starting a relief fund here. A small committee will be formed in a day or two. An informal meeting will be held to-morrow at 6 p.m. at the Servants of India Society's Hall, Girgaum to consider what steps should be taken to help the flood stricken people of Bengal.

DR. RAY'S APPEAL TO BOMBAY.

CALCUTTA, Oct. 13.

Dr. P. C. Ray wires:—

An eyewitness reports that the condition in the flooded area is indescribable. 90 per cent of the huts have been destroyed. The inhabitants are living on plaintain tree rafts. The belated Government communique minimises the extent of the havoc, although admitting that 1,600 square miles are affected and the standing paddy crop destroyed. Appeal to philanthrophic Bombay for funds.

FEDERAL COURT'S RESTRAINING ORDER.

(REUTER'S TELEGRAM.)

LONDON, Oct. 12.

New York.—On an application of the International Mercantile Marine, acting for the American lines of that Corporation, the Federal Court has granted a temporary restraining order, prohibiting Prohibition Officers from carrying out the Federal order under Mr. Daugherty's ruling to seize ship's liquors aboard the vessels of those lines. The decision only affects two steamers, but steamship interests hail it as a victory because the order of enforcement of Mr. Daugherty's ruling was to become effective at midnight to-morrow.

CALCUTTA PRESIDENCY JAIL OUTBREAK.

ENQUIRY CONCLUDED.

(Associated Press.)

CALCUTTA, Oct. 13.

The Magisterial enquiry into the outbreak at the Presidency Jail on October 1st has concluded, forty-five witnesses having been examined. The last witness was Mr. J. S. Wilson, Deputy Commissioner of Police who said that on the morning of the disturbance he went to the jail having received information that assistance was needed. When he arrived, no convicts were to be seen but a few dusultory shots were being fired from the verandah over the main gate and he gave orders for fire to be discontinued as it appear quite unnecessary. He then noticed flames arising from the jute-mill and sent police to extinguish the fire. Immediately afterwards two or three more shots were fired from the roof of the Deputy Superintendent's office and he climbed up the ladder to the roof and put a stop to it. When he descended, however, firing recommenced and he posted the jailor in the roof to prevent more firing without orders. The witness saw the convict Abdur Rahman on a cot with his hands hand-cuffed and tied to a cot and spoke to him but he was incoherent. As Mr. Wilson and those with him were passing by the jute-mill missiles were thrown at them through the windows. He went inside to try to bring the convicts to their senses, about half a dozen of whom came up and salammed him. He told them to leave the mill which they appeared to be willing to do and went back to talk to others. The Superintendent then came up and in the meantime the witness was hit on the topi. The witness added that the convict who threw the missile was "hammered by others. He told them that throwing missiles would do no good. His words were received in silence. The witness accompanied by the Superintendent withdrew to have his head bandaged and convicts then began to file out of the mill. Extra police came up and convicts were marched off to their quarters and locked up and the trouble ended. Four convicts were injured, two very slightly. The Magistrate will, in due course, submit his report to the Government.

INDIAN TELEGRAPH ASSOCIATION.

RECOGNITION BY GOVERNMENT.

(Associated Press.)

KARACHI, Oct. 13.

Mr. H. Barton, Member, Bengal Legislative Council and General Secretary, Indian Telegraphs Association in an interview with the "Daily Gazette" said:—"Our association which has now had a *de facto* existence for about sixteen years only recently received *de jure* recognition from Government. The fight for our rights has not been an easy one. In fact, for some time during the war I was interned. However, Government has now paid us the compliment of acknowledging ours as the best conducted association of its kind in India. The official recognition came rather as a surprise. Now nearly four-fifths of the subordinate telegraph staff numbering about 4,000 are members; superior staff are not excluded from membership and can join in the same manner and receive the same benefits as subordinates. The Association conducts a provident fund on behalf of the members whose children are also enabled to receive educational benefits in the form of scholarships and exemptions at universities.

IS ENVER PASHA DEAD?

A KABUL REPORT.

(Associated Press.)

PESHAWAR, Oct. 13.

The official circles in Kabul are now understood to be satisfied with the truth of the reports of Enver Pasha's death and they intend holding a memorial service, but stories continue to reach Peshawar from many sources of his being alive and still fighting.

Quiet prevails on the Frontier and the dispersal of the war clouds in the Near East bids fair to remove the only cause for anxiety.

BID FOR INDIAN TRADE.

REPORTED GERMAN OVERTURES TO SPANISH FIRMS.

From the Federation of British Industries we have received, says a London paper, a communication stating that the Federation has recently received a copy of a letter, written by a firm in Leipzig to a Spanish business house, which is of considerable interest at the present time as an instance of the use which is being made of anti-British feeling in India as propaganda for the trade of Germany and other foreign nations. The letter is actually an advertisement for an Indo-European Guide of Commercial Information which the German compilers intend to distribute free of charge in India. The folowing, italics included, is taken from the letter in question:

I take the liberty of writing these lines in confidence to you and to other firms who occupy an important position in the different branches of industry in your country, as I do not wish to enter into the question with strangers who are not in the same line.

You are aware of the movement for independence in India. You will also know that this movement, in opposition to the nationalist movements of the other States, is being prepared and realised in a peaceful manner, embracing *all* India, from the poor workman in the port up to the wealthy merchant, without any exception. You know, moreover, that on the arrival of the Prince of Wales no Indian was present, all the doors and windows were closed and covered, no tramways were working, there was no light in the streets, all business were closed down—in short, the whole of India remained in profound silence. No Indian sends his sons to the English school, nor does he any longer apply to the English tribunals or pay contributions or duties as far as they relate to the navy of England, which would fill their coffers.

It is known that to-day all goods are being boycotted, no Indian buying an English product, so that the great treasury of England is already beginning to close. I do not wish to set out in more detail what this means for England: it is shown by the shipping statistics and the frightful unemployment in the industrial regions of England, which is not *entirely*—as the international press wishes to make believe—the result of the financial decadence of the Central European States and the universal economic complications accompanying same, but to the extent of at least 50 per cent. is the consequence of the boycott which India declared against England.

A population like that of India, which numbers more than 300 million souls, is a factor of extraordinary importance in consumption. Producing only a small portion of what it needs, it used to import the major portion from England; but now it *has* to buy in *other countries*, but it *has* to buy. Its sympathies are directed towards Europe, also its desires, despite all the efforts made by the Americans and Japanese to conquer this market. At *this* point we have to commence our work. We must tell and prove to this population of 300 millions, to whom England hitherto meant Europe and Europe England, *what* is made in the different countries and how negotiations may be opened up.

This idea can be realised, b ythe publication of an Indo-European Guide of Commercial Information with an extensive economic text. We send this guide free of charge to industrial and commercial houses plantation services, mines, Indian importers and exporters, etc. The commercial Indian can ask for it at the Commercial Unions, Chambers of Commerce, Consulates, and at the Indo-European Trading Company. Taking into consideration that the paper and the printing of one sheet (equalling 16 pages) with an issue of 1,000 copies costs 150 pesets, and that 10,000 copies each of about 50 sheets are distributed, you can form an idea of the expenses occasioned by this work, which is published in English, of equal importance for India as for Spain. About 100,000 pesetas will be invested in this work, including cost of forwarding.

Being convinced, however, that a desired object will be achieved, we willingy make the enormous sacrifices, and with us the circles in India interested in business with Europe, especially if Industry and Commerce in Europe, particularly in Spain, Switzerland and Holland, Italy and Germany, lend their assistance to the work by means of advertising.

Then follow details of production of the "commercial guide," a plea that business relations be opened and requests for advertisements.

PROTEST AGAINST NEW LEVY OF RATES.

BY CALCUITA PUBLIC UTILITY COMPANIES.

(Associated Press.)

CALCUTTA, Oct. 13.

Four public utility services in Calcutta, namely, Calcutta Tramways Company, Oriental Gas Company, Calcutta Electric Supply Corporation and Bengal Telephone Corporation have presented a memorial to the chairman of select committee on the Calcutta Municipal Bill, protesting against giving power to the Corporation of Calcutta under the new Calcutta Municipal Bill to levy rates on main lines, cable tracks etc of public utility companies as it would inflict great hardships on them. They apprehend that the proposed tax would be so large that they would have to increase the cost of their services to the public. Further, it will jeopardise the payment of stable dividends making it impossible to obtain further capital and so prevent further extension of their services.

TATA STEEL WORKS STRIKE.

SITUATION UNCHANGED.

The Tata Steel Works Strike Bulletin no. 15 of the 13th inst. says:—

The Company had hoped to restart a portion of the Bar Mills with the help of the convenanted hands and the workmen. The Company had hoped to get back by sending to them their foremen as already reported. The foremen had failed in their efforts to induce the men to resume. Consequently the mills could not be restarted. In yesterday's meeting the strikers left very much enthusiastic. A new feature of yesterday's meeting was that some men, who had been misled and had resumed, apologised in the meeting for their having gone to work and promised to remain with their other fellow workers till the settlement of the strike. The men are quite steady, firm and peaceful.

JAMSHEDPUR STRIKE.

REJECTION OF TRADE UNION MEDIATION.

The following telegrams were exchanged between Mr. Chamanlal, Lahore and Mr. B. J. Padsha of Messrs Tata Sons Ltd, Bombay, in connection with the Jamshedpur strike:—

From Mr. Chamanlal dated the 12th October:—"Have instructed Jamshedpur workers accept Trade Union Congress mediation, namely, of Baptista assisted by Haldar, Miller and myself. Workers wire accepting our mediation and declaring that they will abide by our decision. Prepared to advise immediate settlement provided you agree (1) to reinstate all strikers, (2) no victimisation, (3) reference of all grievances to mediators acting jointly with your nominees, (4) recognition of Union.

MR. PADSHAH'S REPLY.

Mr. Padshah's reply dated the 13th October:—"Your telegram of 12th. Considering statements made in your telegram to Jamshedpur which I have publicly contradicted. I am surprised that you should approach me again in the matter. None of the gentlemen you mention are in any way competent to determine any question arising between employer and workmen in any industry and more especially in the steel industry".

"TIMBER FOR DEVELOPMENT DEPARTMENT."

To the Editor of "The Chronicle."

Sir,—We have noticed your paragraph regarding "Timber for the Development Department" and as the European Firm concerned we very much resent the insinuation that the order for Oregon Pine was placed with us without competition. This assertion of your correspondent is entirely untrue in every respect as the order was out to public tender and open to any firm European or Indian. Our tender was the lowest by a considerable amount to any other received by the Development Board and consequently the order was placed in our hands.—Yours etc.

WILLIAM JACK & CO.

Bombay, Oct. 13.

[In justice to Messrs. Jacks and Co. we gladly publish their letter. The writer of the letter to which they refer evidently seems to have been misled by the vague reply of the Government that "attempts were made to get suitable local timber but that forthcoming was entirely unsuitable."—Editor "B. ASSISTANT TAXING MASTER.

The following question was asked at the last session of the Bombay Legislative Council at Poona:—

1. Mr. G. B. Thivedi (Thana District): (a) Will the Government be pleased to state the legal and educational qualifications of the present Assistant Taxing Master in the Bombay High Court?

(b) Who were his predecessors in the past during the last 10 years and what were their qualifications?

The Honourable Mr. M. H. W. Hayward: (a) and (b) The present Assistant Taxing Master, Mr. E. Gellett, was educated at private schools in London and was more than 17 years Costs Clerk to Messrs. He remained with them until he was appointed with effect from 1st April 1916, Assistant Taxing Master, High Court, Bombay.

The post of Assistant Taxing Master was held by Mr. N. F. Modi, B.A., LL. B., from 1st April 1905 to 31st March 1916. The following gentlemen acted from time to time for Mr. Modi between 1913 and 31st March 1916:—

THEATRE AND CINEMA.

EXCELSIOR THEATRE.

EXCELSIOR THEATRE.—During the coming week The J. C. Williamson Opera Co., which is still pursuing its highly successful career at the Excelsior Theatre will, in addition to repeating performances of some of the most popular of the operas already staged, present two more operas new to Bombay. The company is now entering upon the third week of its stay here and has been playing nightly to full houses, which shows these operas, when performed by an excellent company like the J. C. Williamson Co., are firm favourites with the theatre going public. To-night "Patience" is being played again, while to-morrow at 5-30 p.m. there will be a reduced price matinee of "The Yeoman of the Guard" with Mr. Charles Workman as Jack Point. On Monday and Tuesday, Edward German's delightful mediaeval opera "Merrie England" will be given for the first time in India. In addition to Mr. Charles Workman, as Walter Wilkins a Shakespearian, the cast includes Miss Lorimer as Queen Elizabeth, Mr. Gordon Crocker as Sir Walter Raleigh and Mr. John Ralston as The Duke of Essex. The two scenes are laid among the Sylvan Glades of the Windsor Great Forest and the beautiful Thames-side in the neighbourhood of Windsor. On Wednesday there will be a return to Gilbert and Sullivan with "The Gondoliers." On Thursday evening there will be a matinee performance of "The Pirates of Penzance" and at night "The Chocolate Soldier" will be presented for the first time by this company. In this play it is interesting to note that Mr. Charles Workman will take the role of Lieut. Bumerli as originally played by him at home. The play will be repeated on Friday, while on Saturday next "H. M. S. Pinafore" will be given.

EXCELSIOR PICTURES. — To-morrow night and during the early evenings of the week except Thursday, a splendid picture of the great Northlands will be screened at the Excelsior Theatre. It is an exciting tale of a Canadian half creed whose one mission in life is to track down the man who betrayed his sister.

EMPIRE THEATRE.—Miss Normal Talmedge is starred this week in the Empire film, a five-reeler entitled "In Search of a Sinner." This delightful cineshow relates the life of a young and pretty widow who was bored to distraction by her late husband, a narrow-minded prig of the goody-goody variety. She resolves that, in her next venture into matrimony, she will marry a real live man. The picture shows how she obtains her desire and the results.

* * * *

EMPRESS THEATRE.—Three more reels of the great and absorbing serial "The Romance of the Hope Diamond" which is proving such a draw at the Empress Theatre, are being shown this week.

* * * *

IMPERIAL CINEMA.—The management of the Imperial Cinema are still continuing their policy of catering for their numerous Indians patrons and in view of the forthcoming Devali holidays, have decided to exhibit "Devi-Todi" written by Mr. Dalwadakar, the well-known author of many Gujerati novels, and produced by the Kohinoor Film Co. of Dadar. Devi Todi was the daughter of Lakhajiraj, the ruler of Kutch, and from earliest childhood she was devoted to the worship of "Shri Krishna" and desired to marry him. Krishna was so attracted by her religious zeal and her life of innocent purity that at last, to the great delight of Devi Todi, he absorbed her soul and gave her salvation. The excellence of both the photography and the plots of the play make it well worth a visit.

THE WEST-END CINEMA.—Priscilla Dean will be seen this week in "Wild Honey," a Universal picture adapted from Cynthia Stockley's popular novel of that name. It is said to be the most thrilling melo-drama Miss Dean has ever made for the thread of romance that carries the interest through the plot of "Wild Honey," the Universal-Jewel attraction at the West-End Cinema, this week, is based on the independence of spirit of Lady Vivienne, the English lady of rank who is the heroine of Cynthia Stockley's novel, from which the picture was filmed. Priscilla Dean portrays the character. How many women would brave the dangers of a trip through the barren spaces of the Transvaal, alone and unacquainted with the nature of the country and its people? Lady "Viv" does it for the sake of looking up the land which represents the only wealth she possesses, and which every one says isn't worth the paper on which the deed is printed.

* * * *

THE NOVELTY CINEMA.—It is not always that Bombay has the good luck of getting an opportunity of seeing some genuinely striking pictures of historical interest. The photo-drama in 12 chapters L'Aiglonne or "The Daughter of Napoleon" that commences to-night at thte Novelty Theatre, Grant Road Tram Terminus is indeed a remarkable Picture-Chronicle of the romance and affairs of the world's greatest soldier-Emperor Napoleon Baunaparte. The picture is indeed great in so far that it vividly and faithfully portrays, in the minutest details, and with scrupulous chronological accuracy all the terrific events of the revolutionary days of France in 1792—when Naopleon from an ordinary artillery lieutenant, paved his way to the throne of France after sanguinary wars. It is a charming multi-coloured film throughout and resuscitates practically the France of those blood-curdling revolutionary times. No expense is spared to present the settings and costumings accurately and every students of Literature and History will do well to see this masterly production. The first four chapters are to be shown this week.

EXCELSIOR THEATRE.

"THE PIRATES OF PENZANCE."

The J. C. Williamson Opera Company gave their second performance of the Gilbert and Sullivan opera "The Pirates of Penzance" on Wednesday night at the Excelsior Theatre when the house was again crowded. The story is of the delightfully nonsensical kind which added the adjective "Gilbertian" to the English language. The story concerns a band of orphan pirates who, owing to a nurse mistaking the word "pirate" for "pilot," number among them a regularly indentured apprentice who, when the play opens, has just completed her term of service to this irregular profession. He decides to leave the band and to earn an honest living by bringing his former comrades to justice, to which the pirates politely agree.

At this point the villains capture a major General and his family of pretty daughters. The General pleads that he too is an orphan, and he and his fair family are forthwith released. In the second act, the former apprentice, now a respectable member of society, invokes the aid of the police to help him capture the pirate gang, when he discovers that, owing to the careless wording of his indentures, he is still a pirate. The police capture the ruffians only to find that they are all noblemen in disgues, and the play ends with the police tendering most humble apologies and releasing their captives.

Mr. Charles workman played the Major General and gave, as was to be expected, a perfect interpretation of the part. Miss Patti Russell was most charming as the prettiest of the General's daughters, her beautiful voice being heard to great advantage Mr. John Ralston made and amusing but tenderhearted pirate King. The remaining parts were all in excellent hands and the production on the whole was one of the best that the company have yet presented.

* * * *

"PATIENCE."

The Excelsior Theatre was again crowded last night when the J. C. Williamson Opera Company gave their first performance of another of the Gilbert and Sullivan Operas "Patience." The play deals with several love sick maidens, who after having given their affections to some dashing officers of the Dragoon Guards, suddenly discover a worldly poet with whom they all fall in love. The poet, however, spurns them all and caresonly for a coy young dairymaid who has never experienced the thrills of love. Another poet; this time and idyllic individual, a man of perfect beauty appears, and of course, the bevy of beauties pester him with their unwanted attentions, but he again cares only for the simple dairymaids. The results of these various complications forms a very interesting play which the audience thoroughly enjoyed. Miss Elsie Coram made a very fascinating dairy-maids, her sweet singing being greatly appreciated, while Mr. Jack Kinson as the "Fleshy" poet and Mr. John Ralston as the "Idyllic" poet helped greatly towards the success of the evening. A fuller review will appear in the "Sunday Chronicle."

PICKETING IN TINNEVELLY.

DIST. MAGISTRATE'S ORDER.

(Associated Press.)

MADRAS, Oct. 13.

A Tinnevelly message says that after the Congress authorities had stopped picketing a general order under Section 144 C.P.C. was passed by the District Magistrate. The order is as follows:—"Whereas certain persons styling themselves as Khilafat and national volunteers have been engaged in picketing cloth shops in Tinnevelly town and by their methods have caused obstructions, injury and annoyance to the shopkeepers and intending purchasers, this injury and annoyance being greater because Deopavali is approaching and whereas it appear to me that speedy remedy is necessary it is hereby ordered that no person wearing Khilafat or national volunteer's dress shall loiter or linger round any premises in the cloth bazar than is necessary to make bonafide purchase and further that not more than two persons wearing the said dress shall assemble or remain together in the cloth bazar. The order is to be in force till 20th October.

RACIAL DISTINCTIONS COMMITTEE REPORT.

RECEPTION BY INDIA OFFICE.

(Associated Press.)

CALCUTTA, Oct. 13.

The "Englishman" says that there is reason to believe that the report of the Racial Distinctions Committee has not been given favourable reception in the India Office. It learns that its recommendations have not been accepted by Viscount Peel on the ground that time is not yet ripe for the introduction of such sweeping changes as the report recommends. Viscount Peel is, also, against the abolition of the jury system.

SWAMI KRISHNANAND'S CASE.

(Associated Press.)

KARACHI, Oct. 13.

Swami Krishnanand came up again this morning before the City Magistrate charged under Section 108 I.P.C. The prosecution argued that the accused had delivered speeches in Karachi exciting hatred and disaffection towards the Government and Section 153A creating race hatred between the different classes of His Majesty's subjects. The accused offered no defence being a non-cooperator but put in a written statement in which he said the prosecution witnessed had not taken verbatim notes of his speeches and were consequently not accurate. The statement was not read out. The court will pass an order on Monday.

MR. ANDREWS ON LABOUR SITUATION

(Associated Press.)

COLOMBO, Oct. 12.

Mr. C. F. Andrews who arrived here yesterday with Dr. Rabindranath Tagore made an interesting statement on labour situation. The main feature of this statement was that in view of the situation in Kenya members of the Indian Legislative Assembly will probably insist that unless equal status is given to the Indian in Kenya no Indian labour will be allowed to go to any colony, Ceylon included.

It is understood that the committee appointed at the U. P. Liberal Conference at Fyzabad to consider the constructive programme of work for the Liberal Party will meet at Lucknow shortly.

WONDERS OF PSYCHIC POWER.

Dear Sir,

I have had the occasion to consult Mr. MIR during the illness of my relation. The prediction has turned out, word by word, true. Not only this, but Mr. MIR told me that my relative cannot get cured and will die on such and such date. It came out true. My relative died on the same date. This prophecy was made fifteen days before her death. I have great faith in this science he has acquired. I honestly recommend others to try in the case of emergency. I have my questions prepared at home, and I had kept them folded with me. They were read out by Mr. MIR, word for word correct. When I opened, every question was found in writing itself. It is marvellous as well as mysterious.

P. M. DOCTOR.

Girgaon, BOMBAY.

I have been a sceptic all my life, but on the recommendation of my friend, Mr. K. S. Rele, I visited Mr. MIR with a view to test the power of Mr. MIR and with a feeling of ridicule, I asked Mr. MIR two questions and to my surprise found him to repeat my questions word by word. This is indeed amazing, and had made me pause and under if after all I have been in wrong all my life. As regards the answers, future will certify and testify to their correction.

(Sd.) K. V. NODAJI, Pleader, AMRAOTI, (Berar).

Having read on account of Mr. MIR'S thought-reading power in the "Bombay Chronicle," I took an opportunity of testing it, and from what I saw I can describe it as simply marvellous. I had seen something of this kind in America, but Mr. MIR'S power is far greater.

P. D. MAHALAXMIVALA, Secretary, B. I. S. Tramway Co. Ltd.

The "Bombay Chronicle" of 10th and 23rd April and 7th May last, and also vernacular papers have spoken in eulogising terms of Mr. MIR'S psychic power.

You should lose no time in paying a visit to Mr. MIR, the great psychic whose wonderful reading of past and future incidents, is the topic not only of Bombay but of the principal cities of India.

TURKISH VICTORIES.

NAIROBI INDIANS' REJOICINGS.

MUSLIM-HINDU FRATERNISATION

The following account of the victory celebration at Nairobi has been sent to us by Mr. Mahomed Hasan, President, Moslem Association, Nairobi, for publication:

"They wish to put out the Light of Allah with their mouths but Allah will perfect His Light though the disbelievers like it not.

The 17th of September 1922 was a Red letter day in the history of the Mussalmans in the British East Africa and Uganda Protectorate.

It was on this day that all over the country mass meetings expressing joy at the recent victories of Ghazi Mustapha Kemal Pasha were held.

Nairobi the capital of Kenya Colony was second to none in carrying out the wishes of the Central Khilafat Committee, Bombay, who called upon all the Muslims to observe the 17th of September 1922 as the day of rejoicings and to offer their heartfelt thanks to the Almighty.

The site chosen for the purpose was Jeevanjee's Gardens which presented a gay and animated appearance. The grounds were most beautifully decorated with flags and buntings and a very artistic triumphal arch prominently displayed the basic principle of Islam:—

"Moslems of all races, Arabs, Somlis, Hindus, Swahilis and other Africans were present, many of them in National dress thus once more proving to the world the Universality of Islam."

The Turkish crescent adorned many of the fezzes of those present.

The Hon. Khawaja Shams-ud-deen was the organising Secretary who left no stone unturned in making this meeting a huge success. Sheikh Aboo Bakar Alazari, a learned Somali Scholar from Egypt was unanimously elected President by a gathering of over three thousand persons.

The President in his opening speech in Arabic gave statics showing the total world strength of Moslims compared with other religions and called upon the British Empire not to lose the sympathy of millions of their subjects who professed that religion.

Seid Haji Mian Muttho head preacher of the City Mosque then recited the Opening chapter of the Qoran and the chapter devoted to "Al Fatil" (Victory). He was followed by master Ghulam Mohamed who had composed a poem in honour of the Prophet and the victories over the Greek, saying that these matters were in the hands of God who gave victories to whom He wished, and that when He inflicted defeat it was shewn that truth and justice had triumphed over injustice. His concluding verses prayed for the prosperity of Islam.

An Arab, Sheikh Abdul Rahaman also recited a poem in Arabic eulogist of Ghazi Mustapha Kemal Pasha—the time had come when God had given victory after victory.

Another poem was recited by Mr. Ghulam Qadar also in honour of the victory and Islam.

The Secretary of the Young Men's Association, Nairobi, Mr. Mohammad Ahasan also recited some verses calling upon all to express joy at the victories.

Then the President moved the resolution in Arabic, a translation of which is as follows:—

"That this mass meeting of the Moslim community representing all races (Arabs, Indians, Somali and other African) offer their heartfelt thanks to the Almighty for the success of the Turkish arms under Ghazi Mustapha Kemal Pasha with sincerest prayers for further successes and for the complete restoration of Khilafat and at the same time respectfully draws the attention of the British Government to their solemn pledges of neutrality and will strongly resent any intervention on the part of the Christian Powers."

Mr. Mohammad Hasan, Bar-at-Law, explained the resolution both in English and Urdu. He referred briefly to the great services rendered to their religion by the Turks and urged them all to pray to God for His further help. He said it was constitutional for them to ask the Christian Powers through the British Government not to interfere in the struggle and to allow the belligerents to fight it out because that was only just and fair for the combatants engaged.

Sheikh Abdulla Bin Nasar (Swahili) explained the resolution to the Swahilis present and supported the aims and objects whole-heartedly. Before concluding his speech he prayed to God for the prosperity of the Sultan's Kingdom.

Sheikh Aligi Moosa, a Somali read the resolution to the Somalis present (a very large number). The resolution was then put to vote and carried with acclamations.

It was also resolved to cable the forgoing resolution to (1) Sultan-e-Muazim, (2) Ghazi Mustapha Kemal Pasha, (3 Mr. Lloyd George, (4) the Rt. Hon. Syed Ameer Ali, President, Moslem League, London and (5) the Central Khilafat Committee, Bombay.

At the close of the meeting, prayer was offered and as this was about to terminate a large body of Indians from the Congress sitting at the Theatre Royal arrived, headed by Mr. M. A. Desai, their President.

After getting permission to speak Mr. M. A. Desai, briefly expressed the joy of Indians over the victories of the Turkish army and stated that they joined hands with the Muslims in their rejoicings.

He was followed by the Hon. Mr. B. S. Varma who spoke in a similar vein. Mr. Anantani also spoke as a representative of Zanzibar Indians who fully shared in these rejoicings.

The Hon. Mr. Shams-ud-din thanked his non-Moslem friends for demonstrating their sympathy with the objects of the meeting and stated that Muslims realised that many Hindus in India had contributed towards tthe Khilafat Fund and Smyrna and Turkish relief funds and that therefore the Moslem community were indebted to them.

Prayer was then again offered and the meeting terminated.

On the night of the 17th the Juma Mosque was illuminated Shukrana prayers were said. Nats were read and sweetmeats distributed.

HERO OF CHIRALA-PERALA.

SJT. A. D. GOPALKRISHNIAH RELEASED.

(From our Correspondent.)

RAJAMUNDRY, Oct. 7.

Andhraratna Duggirala Gopalkrishniah the hero of Chirala-Perala was released on the 2nd inst. from the Trichinopoly gaol. This is the important event of the week. He was given a very warm reception at Trichy, and an unprecedented welcome at Madras where a Joint address was presented to him by the Madras Tamil and Andhra District Congress Committee. He is essentially a man of philosophic temparament. He is only a young man of thirty and is a great scholar in Sanskrit, Telugu and English. His simplicity, his devotion to Sree Ramachandra, by which he justly earned the appellation of 'Ramadoss', and his wonderful self-sacrifice for the country in general and for the sake of the people of Chirala and Perala in particular, have rightly won for him a place in the heart of every Andhra. Jail life for one year has brought on him a remarkable change for the better.

WOMEN'S QUOTA IN NATIONAL WORK.

Sreemati Duvvuri Subbamma Garu, a lady of great culture was the first victim of repression. She refused to furnish security for good behaviour and is now serving a term of one year's rigorous imprisonment in the Rajahmundry gaol.

Sreemati Vunnava Lakshmibayamma Garu, wife of Mr. Vunnava Lakshminarayana, who was sent to prison twice for serving his country was once served with orders, under section 144, prohibiting her from making speeches, but she defied the order. The Government did not do anything at first. But, on the 6th instant, Sreemati Brahmajosyla Lakshmanadasamma Garu, a lady worker, who is nearly seventy years old, was served with orders under section 144, by the Nellore Sub-Magistrate prohibiting her from taking any part in meetings and processions for a period of two months, within his jurisdiction as it was alleged there might be likelyhood of a breach of peace. In Andhra Desha, women have caught the spirit of the movement admirably and are doing excellent work in popularising Khadi, which has become an eye-sore to the authorities.

Kotagiri Venkata Krishnarao Bahadur, Kumar Rajah of Gampalaguden who returned from Cuddalor jail, last week, and Andhra Ratna Duggirala Gopal Krishnaih, are two amiable figures in our public life. Both are men of literary talent and are patriots. Both continue to influence the public life of our Province, as remarkably as they have been influencing before.

The Minor Rajah was served with an order under section 144, prohibiting him from addressing meetings at Venkatagiri, where a host of people gathered to do him honour on the eve of his return from gaol. He did not choose to disobey the order, as he could not do so, without the permission of the Provincial Congress Committee.

It is proposed to increase the Company's capital to pounds four millions sterling by the creation of a million new ordinary pound shares.

AMERICAN STEAMER ON FIRE.

(Reuter's Telegram.)

LONDON, Oct. 12.

San Francisco.—The American steamer "City of Honolulu" (formerly the German liner "Friedrich der Grosse") is on fire, and in a dangerous condition at two days' sail from Los Angeles. 76 passengers, mainly American tourists returning from Honolulu, and two hundred of the crew, have taken to boats. The last wireless message from the ship said: "Captain and gang leaving ship. Good-bye all.". It is estimated that it will be 14 hours before any of the ships now rushing to the vessel's aid can arrive at the spot.

The report of cotton spinning and weaving in Indian mills for the month of July last published by the Department of Statics shows a marked falling off in realisation of excise duty. The report says that excise duty realised on woven goods in July last amounted to 9 lakhs and in four months from April to July Rs. 56 lakhs as compared with Rs. 26 lakhs and Rs. 90 lakhs in corresponding periods of the last year.

GURU-KA-BAGH INQUIRY.

EVIDENCE COMMITTEE.

(From our Correspondent.)

AMRITSAR, Oct. 12.

After a heavy and unbroken spell of work lasting about ten days the Guru-ka-Bagh Congress Enquiry Committee is breaking up to-day to reassemble at some future date which will depend on the rate of progress of the work to be done in their absence. This date may be the first of next month or a few days earlier and it is possible that only some of the members will return to conclude the work of recording the evidence still remaining to be taken before the whole Committee assembles to consider the vast mass of evidence and to deliberate upon the lines of its report. Mr. J. M. Sengupta left yesterday for Calcutta and tre President and the rest of the members are leaving to-night for their respective stations. On October 8 and 9 the President and Messrs. Sengupta and Abryankar recorded important evidence of representives of the Lahore Press who had witnessed the incident of beating of the Akalis etc. on several of the days in the capacity of Press reporters and reported them in their respective papers. Other important witnesses of the various incidents included Dewan Bahadur Raja Narandaranath of the Punjab Council, Pandit Santham, General Secretary Punjab Congress Committee, Mr. Mohd Sharif, Secretary Provincial Khilafat and Congress Committees and Doctor Yaqubheg, the head of the Khilafat medical volunteers for Guru-ka-Bagh.

Among thirty witnesses examined at Amritsar by Messrs. Mohamed Taqi and Stokes during the two days was a Sikh woman who alleged having been beaten with lathis while carrying water to members of Akali jatha rendered unconscious by police beating and been in hospital for 19 days in consequence of the injuries received. Reassembling at Amritsar on October 10th the Committee took evidence among others of Risaldar Anupsingh, President of the Retired Soldiers' Association of Lahore division with a membership of over 1500, of Doctor Khanchand who was in charge of ambulance corps throughout the period of the beatings at Guru-ka-Bagh or at one or other point on the road and Doctor Parashuram his chief assistant. The Committee also examined Risaldar Sunder-singh, President and members of Shromani Probandhak Committee and Lala Meharchand, photographer who presented to it a valuable set of photographs taken at various scenes of occurrences.

CONGRESS ENQUIRY COMMITTEE ADJOURNED.

(Associated Press.)

AMRITSAR, Oct. 12.

The Congress Guru-ka-Bagh Enquiry Committee has adjourned its sittings and will meet again after a fortnight to examine some more witnesses. During the ten days' sittings the Committee have examined about 110 witnesses. All members of the Committee have left Amritsar; meanwhile the Secretary will continue to take down the statements of fresh witnesses.

GURU-KA-BAGH SITUATION.

(Associated Press.)

AMRITSAR, Oct. 12.

The Akali Jatha that daily leaves Amritsar for Guru-ka-Bagh is provided at village Sahusra with tea by the people of neighbourhood. Morning prayers at Guru-ka-Bagh take the form of a religious dewan at which the proceedings are usually quite unobjectionable. At midday another dewan is held which lasts usually until 4 p.m. Akalis generally discuss there political subjects and sometimes it is stated violent language is used to excite Akalis. While the Dewan is in progress the Akalis prepared for arrest that day proceed to the Mahant's garden. The audience is not encouraged to go to watch the arrests. At about 7 p.m. another Jatha from Amritsar arrives at Guru-ka-Bagh. After this evening prayers are held followed by their taking meals for the night. Then another religious political dewan is convened at which exciting speeches are delivered. Great precautions are taken by Akalis at Guru-ka-Bagh to guard against unauthorised entrance of persons who may turn out to be informers. During the last two or three days there were violent speeches delivered at the Dewans in the precincts of the Golden temple. One man was even reprimanded by the President for exciting the audience to violence. Arrests at Gudu-ka-Bagh again amounted to 100 Akalis. The Congress Guru-ka-Bagh Enquiry Commitee will meet again after 14 days to take further evidence. Hundred and ten witnesses have already been examined by the Committee in Lahore and Amritsad.

GURU-KA-BAGH ARRESTS TOTAL 1457.

The following Press Communique has been issued by the Gurdwara Prabandhak Committee under date 9th October:—

The total number of arrests in connection with Guru-ka-Bagh affair has reached uptill now to 1,457.

Bhai Harnam Singh reports that as he went out of the Gurdwara Guru-ka-Bagh early on the morning of the 7th October, he was met by three policemen with two more companions. The unwelcome visitors first subjected Akali Harnam Singh to a thorough personal search, relieving him of Rs. 18-6-3 and 4 knives—property which had been entrusted to him the previous evening for safe keeping by the Akalis who offered themselves for arrest. Then they gave him a sound beating with fists and kicks, detained him for about an hour and then allowed him to go his way.

the other deposits have increased by Rs. 240 lacs. The percentage of cash to liabilities is 42. The inquiry in the market for gilt-edged securities evidences their continued popularity.

The sale of Rs. 1 crore six months' Treasury bills fetched an average price of Rs. 97-15-3. The tenders at Rs. 97-15 were received about 85 per cent. Tenders for nine and twelve months treasury bills for Rs. 50 lacs were rejected. Since this result, there was a fair inquiry for six months' intermediate treasury bills at Rs. 98 per cent. Government is again offering Rs. 2 crores treasury bills, in all, today, and it is believed that the sale will be put through at or about the last week's rate.

EXCHANGE.

Exchange on London opened firm and improved to 1s 3-11/16d. There were bills showing, both yens and sterling, in the market during the week. During the later part of the week owing to good inquiry for the import of bullion, our rates gave way about 1/32d and the market closes steady round 1s. 3-5/8d. The undertone of the exchange market continues healthy.

American exchange on London improved during the week from dol. 4.41-1/16 to dol. 4.44. but at the close the rate had declined to dol. 4.43¼. The German mark has taken a downward course and reached the record rate of 13,000 to the pound sterling.

GOLD.

Gold continued steady throughout the week round Rs. 27/1. The upcountry demand has improved to about 15,000 tolas a day and the stock is estimated at about 6½ lacs tolas. The price of the metal in London dropped from 93s. 4d. to 93s. in sympathy with the steadiness in the American Exchange. Shipment of gold this week from London is expected to be about £50,000.

SILVER.

Silver opened weak round Rs. 91/14 and in sympathy with the decline in the price of the metal in London from 35¼ d to 34-5/8d, our rates gave way and closed at Rs. 90-10. China has been a continuous seller both here and in London on account of the weakness in the Shanghai-London rate which has dropped from 3s..5 7/16d. to 3s. 4-1/2d. The off-take is slightly better and averaged about 80 bars a day; the stock is estimated at about 4,000 bars. Shipment of silver this week from London is expected to be about £30,000.

SHARES.

Our market was closed throughout the week and brokers were busy preparing for the October settlement. As mentioned in our last report, the outlook on the Stock Exchange has improved and a general feeling of confidence has been promoted by the determination of the bull coterie to take up their purchases for this delivery. The crisis which had developed in the market as a result of the record nature of the settlement, which

QUOTATIONS OF LOCAL MILL CLOTHS.

ISSUED BY THE HINDUSTANI NATIVE

FOREIGN MARKETS.

During the week under review the Home markets show sharp advance both in Liverpool and New York. In the early part of the week the American markets advanced steadily on good demand from American Mills on trade and straddle buying and on better spot demand. Some slight decline was reported, since then owing to long liquidation and South selling. Apart from Political situation the statistical position of the market is somewhat stranger, and it looks as if the prices may go higher in the near future. We advise buying on all moderate declines. Our local market has been steady throughout the week with a limited amount of business passing. Owing to the failure of the Bull Clique for September Oomra corner a meeting of the Marwari brokers and original tenderers was held, and it was settled that to save the trade and the present crisis of the Bazar ,all the sellers of actual cotton should buy back, their sales and settle their contracts at Rs. 370 per candy and that the original tenderer of cotton should receive the difference between the Delivery order price and Rs. 370 from the last buyer. In the ready cotton there was a very good demand by Japan Exporters who are reported to have bought about 35,000 bales of nice fine Berar and Central provinces quality at our average rate of Rs. 370 per candy.

The following were the changes in the Home markets as compared with a week ago :—

	Last week.	This week.	
Liverpool October	12.11	12.53	plus 42
Liverpool January	11.93	12.33	plus 40
Liverpool March	11.86	12.24	plus 38
New York October	12.00	21.53	plus 53
New York January	21.23	21.70	plus 47
New York March	21.34	21.84	plus 50

PIECE-GOODS.

A very quiet feeling has continued to prevail in the cloth market during the past week. There has been a total absence of demand. Buyers have been very scarce and sellers have therefore been losing ground. The executive Committee of the Gujarat Provincial Committee have recommended picketing of foreign cloth-shops throughout Gujarat and enlisting of at least 12,500 volunteers for that purpose by the 1st December. Everywhere the Swadeshi movement has been making its way slowly but steadily. This will no doubt have an adverse influence upon foreign trade generally and is causing much nervousness amongst the merchants. Owing to the situation dealers do not show any disposition to anticipate future requirements, and are not prepared to run any risks at the moment. The failure of the cotton corner and the financial crisis in the share Bazaar have caused considerable anxiety and merchants are afraid of developments of

POLICE CONSTABLES' UNION.

(Associated Press.)

MADRAS, Oct. 12.

It was stated sometime ago that the constables and head-constables of the city police held a meeting, their object being to agitate for more pay. This meeting was put a stop to on the ground that their Union had not been recognised by the authorities. A deputation of policemen waited on the Commissioner yesterday to make representations on the matter. The Commissioner told the President of the Union that there was no objection to their having the union, provided they conformed to the rules laid down by Government in regard to such bodies. The men were further asked to frame rules and submit them for approval of the Commissioner.

PRO-COUNCIL SPEAKERS.

UNSUCCESSFUL TOUR TO RATNAGIRI.

A correspondent writes from Ratnagiri :—Mr. Jamnadas Mehta and Mr. Phansalkar arrived at Ratnagiri on 30th September and departed on 1st October. Numerous invitations were issued to persons in various Talukas for securing a welcome to these pro-Council speakers but to no avail the people listened to the private and public speeches on the question of Councils delivered by these gentlemen who were told by a very large majority that they were altogether unconvincing. The night speech of Mr. Phansalkar was entirely refuted by Mr. Sitarampant Patwardhan who was for some time in the Satyagrahashram at Sabarmat iand by the ex-editor of "Satyashodhak" Mr. Sadubhai Palkar. Mr. Jamnadas came to Ratnagiri and went away without in the least affecting the atmosphere of Ratnagiri.

MOTHER SEIGEL'S SYRUP
the favourite family remedy for indigestion in countless British homes, has a fifty years' record of success, which is not approached by any other stomach and liver tonic! Times without number it has banished digestive disorders, biliousness, headaches and constipation, after other medicines have been tried in vain; it has given healthy appetite to those who have had no appetite before, and it has also given good health to thousands upon thousands of former sufferers.
THE FAVOURITE FAMILY REMEDY
"As a user of this well-known remedy for many years, I feel qualified to give an opinion, and can conscientiously recommend its use to anyone suffering from Indigestion. Previous to using it, I suffered considerably from this distressing ailment, for which I tried many prescriptions, and, while some of them gave temporary relief, none could compare with the effective and speedy relief experienced after a few doses of Mother Seigel's Syrup. Having derived such great benefits from its use, there is no wonder that I always speak of it in the highest terms. I am seldom without it, as I find a timely dose an excellent preventative of digestive disorders." Mr. A. T. Wishart, of 15, Perkins Street, Port Elizabeth.

ASTHMA
RADICAL AND SURE CURE
OF 24 YEARS FAME ALL OVER THE WORLD.

ASTHMA CURE
TO THE EDITOR,
Sir,—It will be glad tidings to Asthma patients to hear that they can obtain immunity from their terrible sufferings by trying a simple Asthma cure which has come to my knowledge. Babu J. P. Ray is a discoverer of this specific. He is a charitable man and distributes medicine "gratis." A good many persons afflicted with this fell disease in Benares have been radically cured by using his medicine. There are a good many prescriptions which give relief from Asthma temporarily, but there is perhaps no recognised medicine which cures it. The suffering world should, therefore, hail with delight the appearance of a medicine of this kind. Babu J. P. Ray has got a pamphlet printed which gives a description of his treatment and the names of men who have benefited by its use and where it is available to the public. This is a marvellous remedy and I would strongly recommend the sufferers from Asthma to make application to the Babu at Durga Kund Road, Benares City.

B. B. & C. I. TRAFFIC VAGARIES.

TO THE EDITOR OF "THE CHRONICLE."

Sir,—With reference to the letter of Mr. Mulraj Parekh, headed "B. B. and C. I. Traffic Vagaries" in your issue of the 28th ult., will you allow me to say that I wrote to the Agent on 6-3-22 to enlighten me, among other things, when and how the new lines would be worked, as I had certain suggestion to make regarding the remodelling of the Dadar junction. The Agent, however, to my surprise replied, "It is not customary for this Administration to make general announcement to the public or private individuals regarding the future policy of expansion and facilities for the conveyance of traffic. . . . . ." And now? "The apprehended hardship has become a reality." Mr. Parekh is perfectly justified in complaining that the facilities of Dadar have been sacrificed in favour of Bandra, which has not a traffic equal to that of Dadar.

The new time-table shows that convenience of the travelling public is overlooked and arbitrary action taken without any regard for the benefit either of the Railway or the facility of the public. The result of the new arrangement, so far as Dadar is concerned, is to fall back upon the system which was in force on the first introduction of the Railway, when trains were stopped at every station.

Can the Railway Administration point out any station north of Grant Road having a traffic equal to that of Dadar? Is not the time of the residents of Dadar, which is a part and parcel of the City contributing to the heavy Municipal taxation, as valuable, as if not more than, that of the residents of Bandra? Moreover, Dadar is a junction. Passengers from the G. I. P. and the B. B. and C. I. tranship here and go by almost every train and the result of the new arrangement by the Company affects not only the residents of Dadar but also a large number of changing passengers living in the suburbs. There is no sufficient accommodation for the population in the City and people are asked to go to live in the suburbs. In doing so the public take into account the facilities afforded by the two railway Companies for travelling to and back from the city.

It is not difficult even now to run the aforesaid fast local as before, on the old tracks and halt them at Dadar. Equally possible it is to restore to Dadar its semi-fast service. The present up-Platform can be widened at a small cost and in very little time to admit of the new Down line being utilised. The dilapidated quarters opposite, which were until recently used by the Engineering Department, can be replaced by a 2nd Up-Platform. Unserviceable sleepers which are no longer useful for other work can be utilised, if the convenience of the passengers is to be considered at all.

Will the Railway authorities wake up to their duty towards the public and remedy the grievances which have become acute?—Yours, etc.,

S. K. GHANNAH.

Miracle of Spiritualism

THIS wonderful Planchette is made of wood and is shaped like a heart. Underneath are two pantagraph wheels about two inches high. There is a hole in the so made plank of board. In this hole is fixed an ordinary pencil which is so adjusted as to form, as it were, the third leg of the Planchette. In the centre of the Planchette is fixed an electrified magnetic compound having full SPIRITUAL and MESMERIC power. (This is the special pattern of Professor N. P. Kotie. The Planchette is then placed upon a sheet of white paper and two persons lay their hands lightly upon it, not in any way influencing its motion; then, one of them or a third person, asks a question, and the wheels move. The Planchette traverses the paper, and the pencil, of course, following the motion of the wheels, write, the reply very distinctly and freely. It is not necessary to ask the question aloud, a mental question is quite sufficient, and all languages are a like to the Planchette. Our Planchette is unique. Anybody may use it. It immediately writes the answers to the questions put to it. Everybody should own a Planchette. Price Rs. 5/8 (9s.4d.) including postage and packing.

NOTE:—Full price refunded in case our Wonderful PLANCHETTE does not work according to our advertisement.

We are very much pleased to see its wonders. A person puts a question mentally or verbally and the Planchette moves on the paper and writes the answer neatly. Questions regarding the Past, the Present, and the Future may be put and answers obtained in any language. Anybody may send for this planchette from the Magical Co., Jhansi, and see the wonders."

A FEW TESTIMONIALS MORE.
